(An ISO Certified Company)

WORK COMPLETION CERTIFICATE

Date: 16/06/2023

To
AK Engineering
131/66, Purnaprasad, Bhadrak, Odisha - 756171

Subject: Work Completion Certificate for A/G & U/G Piping with Support Fabrication and Erection Work
Project: Regasification Dhamra LNG Terminal

Client: GKE Projects & Construction Pvt. Ltd.

Dear Sir,

This is to certify that AK Engineering has successfully completed the subcontracted scope of work pertaining to: "Above Ground (A/G) and Underground (U/G) Piping including Support Fabrication and Erection Works" for the Regasification Dhamra LNG Terminal Project, awarded by GKE Projects & Construction Pvt. Ltd.

Scope of Work:

- Fabrication, erection, and installation of Above Ground and Underground Piping systems.
- Support fabrication and installation as per design specifications.
- Hydrotesting, flushing, and other associated mechanical works related to the piping systems.
- Compliance with all applicable safety and quality standards.

Project Location:

Dhamra LNG Terminal, Dhamra Port, Odisha, India

All work has been executed as per the project specifications, drawings, relevant codes, and standards. The quality and performance of the executed work have been found satisfactory and have been accepted by our QA/QC and project management teams.

We appreciate the commitment and professional approach demonstrated by AK Engineering in completing the assigned scope within the stipulated time frame and maintaining adherence to HSE norms throughout the execution.

We wish them success in their future endeavors.

For and on behalf of,

GKE Projects & Construction Pvt. Ltd.

Arul Kumar
